

Medium Cases

#1520 CASE

Unbreakable, watertight, dustproof, chemical resistant and corrosion proof. These are some of the features of this Pelican Protector Case™ that offers total protection for your equipment. It is made of Ultra High Impact structural copolymer that makes it extremely strong and durable. Its exclusive 1/4" (6.4 mm) neoprene o-ring and ABS latches seal perfectly and includes an automatic purge valve for quick equalization after changes in atmospheric pressure. Your equipment can fit into the high density foam or padded dividers for total protection against impact, vibration or shock. A nameplate (included) can be personalized (engraved at additional cost).

This case is NATO-codified and tested to MIL C-4150J (Military Standard), IP-67 (Ingress Protection). You break it, we replace it... forever.
