

Flexible Arm Fixture Lite™ Models 25 & 26

Fluorescent Linear Task Light

Low Frequency (60 Hz)

FEATURES:

- Flexible gooseneck for convenient positioning
- Bright, general-purpose illumination
- Rugged lamp assembly
- Bench or table top mounting option
- Wide range of lamp options available

StockerYale's Flexible Arm Fixture Lite™ is a handy, yet rugged, fluorescent linear task light that is ideal for bright, general-purpose illumination in a variety of applications including assembly and inspection.

The Flexible Arm Fixture Lite incorporates a rugged linear lamp assembly with twin 4W lamps and an 18" (457.2mm) adjustable gooseneck arm that offers flexible positioning to steadily direct light where it is needed most. Standard lamps are available in various white color temperatures, as well as wavelength specific colors to further customize this unit to meet specific application requirements. Colored lamps include red, yellow, green, blue and black light blue (UV).

The Flexible Arm Fixture Lite is supplied with a bolt base that can easily be mounted to a bench or tabletop. Lamp fixtures are available with either a side or end exit gooseneck arm to suit specific user requirements. Custom configurations may also be available.
