# Side Mount Lite™ Models 34 & 35

## Fluorescent Linear Task Light

Low Frequency (60 Hz)

### FEATURES:

- Bright, general-purpose illumination
- Rugged lamp assembly
- Convenient mounting options
- Wide range of lamp options available

StockerYale's Side Mount Lite™ is a handy, yet rugged, fluorescent linear task light that is ideal for bright, general-purpose illumination in a variety of applications including assembly and inspection.

The Side Mount Lite incorporates a rugged linear lamp assembly with twin 4W lamps. The lamp housing is supplied with a mounting bracket that allows the user to position the assembly in a way that is most convenient to the application. Standard lamps for this assembly are available in various white color temperatures, as well as wavelength specific colors to further customize this unit to meet specific requirements. Colored lamps include red, yellow, green, blue and black light blue (UV).

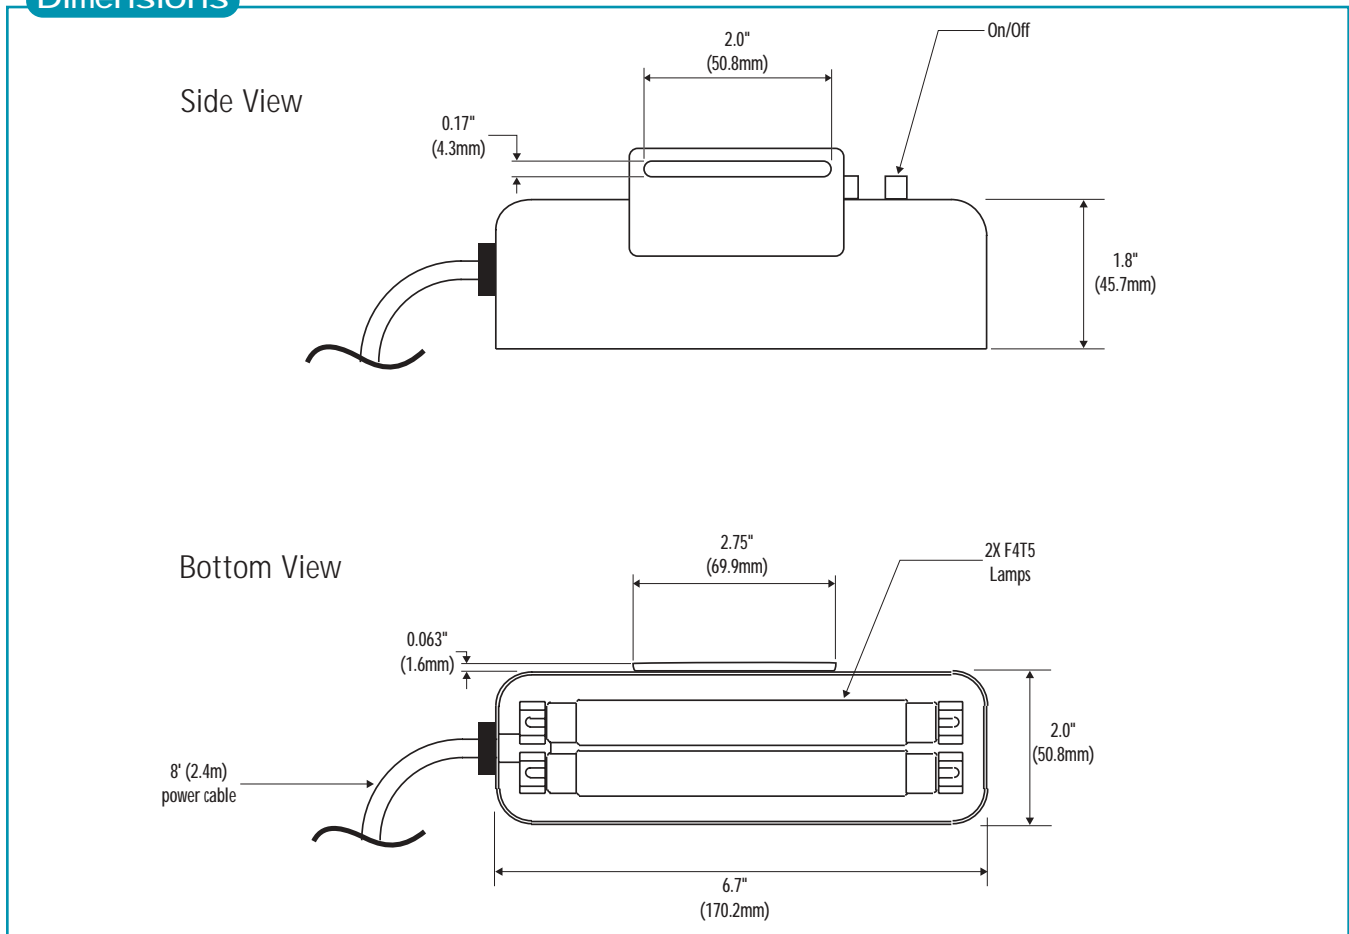

The Side Mount Lite is supplied with an 8' (2.44m) long power cable to allow the unit to be mounted remote to the power supply for further convenience. Standard accessories include a chip shield cover to protect the lamps from scratches and dust. Custom configurations may also be available.
