

## SYSTEM 3000 VIDEO INSPECTION POLE SERIES (VIP)

The complete "3000 System" video inspection pole system consists of a high resolution CCD colour camera, with interchangeable lens, 6 LED's for illumination, connected by internal wiring to a 3.5" TFT/LCD high resolution monitor on an adjustable swivel head. Function is controlled by a small on the pole mounted controller, power on/off, BNC-out, chassis connector for the monitor, 90 degree articulation by manual lever.

The entire system is powered by a 12VDC power pack which clips onto the end of the video inspection pole. The battery is rechargeable with an included charger. A full charge will operate the entire system for approximately 6-8 hours.

### OPTIONAL ITEMS:

- VIP-H Handle for pole
- VIP-BNC BNC cable in different length
- VIP-CM Colour monitors in different sizes
- VIP-WT Wireless video transmitter/receiver set, 2.4GHZ, to receive video in other locations at the same time
- VIP-R Recorder
- VIP-C Case for Video Inspection Pole
